

ASSOCIATED TERMINALS

The ability & attitude to accomplish anything for our customers

Associated Terminals will be moving its corporate headquarters from Reserve, Louisiana to Convent, Louisiana in November. The move will allow the Company to optimize the use of company facilities and technologies, support collaboration and improve efficiencies.

The location in Convent is at the site of a former elementary school. St. James Stevedoring had previously renovated several wings of the school to serve as its corporate offices. Associated Terminals decided to purchase the buildings and complete the renovations of the remainder of the space to create a corporate campus that will serve as the operations hub for the company.

The Company's offices in Chalmette, Globalplex, Baton Rouge and Gretna will remain at the same locations.

The direct number in Convent is 225.399.3010. Telephone numbers for employees will remain the same.

Effective immediately, billing and correspondence can be sent to:
